Kia Ora,

Week 6 contains a diverse range of learning opportunities for our students, from diving at Tonga Reserve to visiting dinosaurs at the Nelson Museum. Exciting discovery indeed as classes delve further into their respective topics of investigation.

We also see the conclusion this week of 'Swim for Life' sessions. Many thanks to the parents who came down to see the sessions in action and saw the students developing their skills in the water.

Brooklyn School is reviewing the way we report to our parents and caregivers. Stay tuned for a questionnaire that invites your feedback around potential changes – we welcome your thoughts.

Unfortunately the wet weather resulted in the Inter-school Swimming Sports being cancelled last week - there is no postponement date. Check out our school website and Facebook page for the latest action at Brooklyn.

Have a wonderful week everyone.

Chris

The senior class were amazing ambassadors, leaders & learners during the Mana Whaitake Day leading into Sea Week.

This learning experience was part of our EMR study. A great deal of reading, writing & maths has come from the event.

Please come and support our FoTs fundraiser this Saturday night and help us raise funds for new technology for our classrooms
